DETAILED ACTION

Claim Objections

Claim 82 is objected under 37 CFR 1.75 as being a substantial duplicate of claim 7. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k)

Allowable Subject Matter

Claims 7,14-24,45-51,67-81,83-106 are allowed. The following is an examiner's statement of reasons for allowance: The prior art does not teach a positive imageable, particulate filled photoresist composition comprising a polymer with a pendant group of formulas I, II or III and 1-70 vol % particles; a positive imageable, particulate filled photoresist composition comprising a novolac-diazonaphthoquinone resin and 1-70 vol % carbon nanotubes; and an electron field emission device comprising a positive imageable, particulate filled photoresist composition comprising a polymer and 1-70 vol % carbon nanotubes.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

1. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
